

Men's Suits, \$18 to \$25.

The appreciation of an expert critic is a thing to cherish—and even his condemnation is worthy of note. An expert critic of men's clothing looked over some twenty styles of our men's suits yesterday, ranging in price from \$18.00 to \$25.00. The impression was so favorable, he remarked he had never seen such good clothing so modestly priced. Every suit in this price range represents exceptional value. No merchant tailor will produce as good under \$25.00 to \$40.00.

It's a brilliant example of the way we do the clothing business—revealing two substantial facts:

First—That Parker-Bridget clothing is of a grade infinitely higher than any other ready-for-service apparel.

Second—That our prices compete with those stores devoted to mediocre garments.

BUREAU WINS SET.

Post-office Overwhelmed in Bowling Games on Palace Alleys.

Bureau bowled three high-games last night in the Departmental League, and won the set from the Post-office. The first two were rather easy for the palace players, but the third showed a difference of only 23 pins. Harbo and Hess were the high scorers, each getting a score of over 200.

Samuel Karpf, secretary of the American Bowling Congress, was a visitor to the Palace alleys last night, and met many members of the bowling fraternity. He is making a trip to all the Eastern cities to interest in organized bowling, to secure co-operation in conducting the 1907 annual tournament. Scores:

DEPARTMENTAL LEAGUE.
